Vewell Smartboard Conference

Multi-point Gesture Recognition, gentle and smooth in operation

- Hyperstatic system supporting with agile and accurate response
- Vivid, visual, environmentally friendly without affecting health
- More powerful and perfect functions
- 4K Screen resolution
- Built-in camera + mic
- Wireless Presentation

Product Features

- ✓ Touch Screen applications of large sizes 55", 65 ", 75 ", 86 ", 100 "
- ✓ Dual Operating System (Windows 10, Android)
- ✓ Supporting infrared Multi-touch
- ✓ Aluminum frame with narrow bezel
- ✓ Chemically strengthened, anti-glare
- ✓ Shortcut key on the face glass for convenient use
- ✓ PC expansion slots, easy to input/output the audio video signal
- ✓ With the smart power energy saving function
- ✓ Designed for 24/7 usage

Professional Designed Structure

Reallable Operation

Dual OS

Automatic Control	Automatic Gain, Automatic Noise Reduction				
Echo Cancellation	Support				
Auditory Localization	Support				
Speaker					
Frequency-domain	80Hz-20KHz				
Speaker Quantity	4				
Acoustic Chamber Quantity	2				
Stereo	Support				
Operating System					
CPU	4 core (Dual A73 + A53)				
Dominant Frequency	1.5Hz				
RAM	4GB				
ROM	32GB				
Operating System	Android 8.0.0, Optional Windows				
PC Module					
PC Type	Ultra-thin Pluggable Intel® Core				
CPU	Intel® Core i5 (i7 Optional)				
RAM	4GB (8GB /16GB Optional)				
ROM	SSD 120GB				
GPU	Intel® HD Graphics				
Environment Requirement					
Power	100-240V 50 / 60Hz				
Standby Power Consumption	≤ 0.5W				
Characteristic Parameters					
Product Size (L x W x T) (mm)	1257x743x83	1469x887x63	1693x1012x63	1989x1202x115	2268x1354x98
Packing Size		1575x1000x175	1850x1100x175	2030x1220x200	2400x1400x190
Others					
Intelligent Conference Teaching All-In-One Machine, White Board Software, Wireless With Screen
